

Communication, Language and Literacy

The children will be working on individualised targets within Reading, Writing, Speaking and Listening.

Our focus books this half term are:
The Family Book
Love makes a family
Monkey Puzzle

**Maths**

The children will be working on individualised targets within Number, Shape space and Measures and Using and Applying.

**Expressive Arts: Music**

Music will be provided by Rhythm Time, each sessions will be carefully tailored for the children and will include instruments, songs and props.

PE We will be working on gross motor skills – finding our own space and making our bodies move in different ways.

P.E is on a Monday Afternoon.

**Understanding the World: Science**

Our topic this term is: Ourselves - Body Parts.
We will be looking at the different senses and exploring our teeth and their function.

**Understanding the World: Topic**

Our topic this term is: My World.
We will be exploring our school environment and using simple maps to visit new places around school.

ICT We will be incorporating ICT into every lesson through the use of the IWB, Ipad apps, BeeBots, remote controlled cars and controlling choices within the Light Room.

PSHE Our main focuses this term will be on our routines within class and sharing with our friends and our new classroom toys.

Topic Days

Black History Month – October
