

# Halesbury School Careers Newsletter 2021/2022 Review

## Welcome to the first Careers newsletter:

From September, we shall be aiming to send out one Newsletter each term which will showcase some of the exciting activities that are being carried out, by Secondary classes, as part of our Careers Education. We shall also be sharing news, upcoming events and useful resources that may be beneficial in helping both you and your child to begin thinking about, and preparing for, life after Halesbury!

## Updated Halesbury Website:

We have now launched a 'Careers' tab on the Halesbury School website. Under this tab, you will be able to find:

- 2021/2022 Careers Programme & Current Careers Policies
- Information for Students, Parents/Carers and Employers
- Work Experience Information
- Destination Data
- Useful Resources

This part of the website is currently a work in progress and we shall be continuing to add to it in the coming weeks and months, but we'd really appreciate your feedback on this section of our website. A survey can be accessed on the 'Careers Feedback' section of the website or through this link: <https://forms.gle/QjHz7zJYZUYVQPVs9>

## Reviewing This Year:

'This year, it has been really rewarding to see pupils engaging in work-based learning, meeting new people and developing independence skills. We have begun to build strong relationships with many employers and services within the local community which is strengthening and broadening the curriculum that we can offer our learners' – Mrs Harris

## Reviewing This Year:

'I go on the minibus. I wear work boots and hi-vis. I work hard and saw the wood. It is amazing' – Post 16 Pupil

'I used to be really scared of animals but going to the Animal Centre has helped me to overcome my fear' – Year 11 Pupil

'I know a lot more about the job of a farrier now that I've done work experience at the Equestrian Centre. It's an important job to keep the horses healthy' – Pathway 3 Pupil

## Meet the Staff:

Our careers adviser at Halesbury School is Natasha Harris.

She has worked at Halesbury School for 7 years and has always worked closely with Year 11 in supporting them with their transitions to their next destination. In addition, Natasha has been responsible for organising, monitoring and developing the work experience programme, which can now be done onsite, offsite or virtually. Natasha is currently undertaking a Level 6 Diploma in Career Guidance and Development.

Natasha also works closely with our Connexions Adviser to ensure that our students gain the advice, information and guidance that they are entitled to from Connexions.

As a Careers Adviser, she can help young people to think about their career goals and the steps that they need to take to achieve them. She will talk to pupils about their career ideas and the different routes and options open to them. Natasha will also help with making applications, writing a CV, interview preparation or whatever support pupils may need in their transition from Halesbury. She can also introduce pupils to other services that may help.

You can contact Natasha via:

Telephone: 01384 818 630
